FOR IMMEDIATE RELEASE

## **ACOUSTIC GUITAR STRAP™**

*Add security and comfort to your classical or acoustic guitar with NEOTECH's **ACOUSTIC GUITAR STRAP™***

NEOTECH introduces a great new neck strap design for both acoustic and classical guitars. The revolutionary **ACOUSTIC GUITAR STRAP™** combines a dual-hook design with NEOTECH's patented internal control-stretch system to offer a comfortable, secure strap that maximizes freedom of movement. The custom non-marring plastic hooks are felt-lined and designed specifically for the acoustic and classical guitar. Protective covers fit over adjustment hardware to avoid direct contact with the guitar. The versatile strap design enables the player to connect the top hook from either the left or right shoulder with a strong side release buckle. This added security gives musicians increased freedom of movement so that they are free to concentrate on the music and their playing technique. There's no other strap like it!

The **ACOUSTIC GUITAR STRAP™** is fully adjustable and is available in black. It's proudly made 100% in the USA.
