PRESS RELEASE  
FOR IMMEDIATE RELEASE

*Sling your case over your shoulder in comfort with NEOTECH's **CASE SLING™**!*

**CASE SLING™** offers a comfortable alternative to the conventional carrying strap. It enables the instrument case to rest securely against the back so that your hands are free. This is an ideal strap for the active performer or student on the go. NEOTECH's unique weight reduction system evenly distributes the weight while our patented internal control-stretch system absorbs the shock of your movements normally felt in the neck and shoulders.

The tailored design is made with soft, durable neoprene combined with an internal control-stretch system that makes heavy loads feel 50% lighter and 100% more comfortable. It also incorporates our unique Non-Skid Surface to secure the strap on your shoulder. **CASE SLING™** attaches quickly and easily to any bag or case with metal swivel hooks. Available in black, **CASE SLING™** is made 100% in the USA and is adjustable from 22" to 54".
