PRESS RELEASE
FOR IMMEDIATE RELEASE

*NEOTECH's **SLIMLINE CLASSICAL STRAP™** offers a new way to play!*

SLIMLINE CLASSICAL STRAP™ offers a great alternative to the traditional classical guitar strap. This strap combines neoprene, a high-tech memory foam core and your choice of webbing or top-grade leather with a rich distressed oil finish. The cross-chest design gives added comfort and stability when standing or sitting while playing. **SLIMLINE CLASSICAL STRAP™** quickly and easily attaches around the body with a side release buckle and offers a wide adjustability range. It attaches to the guitar's sound hole using a custom hook. It has rounded edges and is felt lined to protect your guitar's finish. This combination of features gives the strap a real custom fit and look. It's definitely in a class of its own!

The **SLIMLINE CLASSICAL STRAP™** is made 100% in the USA.
