PRESS RELEASE
FOR IMMEDIATE RELEASE

SOFT HARNESS STRAP™

Finally, a harness that's not only functional but extremely comfortable!

The revolutionary **SOFT HARNESS STRAP™** from NEOTECH carries the burden of a heavy instrument while enhancing the musician's freedom of movement. No longer do musicians have to be restricted by confining harness designs. The NEOTECH **SOFT HARNESS STRAP™** is ideal for musicians in marching bands as well as individuals with back and neck problems. The patented weight reduction system combines the soft, durable features of neoprene with a comfort-stretch backing to make the most unique harness strap available today. **SOFT HARNESS STRAP™** makes your instrument feel up to 50% lighter and 100% more comfortable. It's available in black in a choice of three sizes (junior, regular and X-Long). It incorporates our swivel hook or our unique non-marring nylon tubing connection system and is proudly made 100% in the U.S.A.

For more information about our products, please call 800-251-7815, e-mail info@optechusa.com or visit us online at www.optechusa.com or www.neotechstraps.com .
