PRESS RELEASE
FOR IMMEDIATE RELEASE

WIRELESS POUCH™ lets you rock with no strings attached! Protect your wireless transmitter in style!

The neoprene **WIRELESS POUCH™** offers a safe and convenient way to carry your wireless transmitter. It conforms snugly to the wireless transmitter protecting it from impact, dust and moisture. It quickly and securely attaches to most straps using touch closures which wrap around your strap. This attachment system also incorporates elastic grippers which keep the pouch firmly in place. Openings in the pouch accommodate cord and antenna configurations of most transmitters. The **WIRELESS POUCH™** keeps your wireless transmitter readily available and close to your instrument at all times. Protecting your gear is made easy with NEOTECH's **WIRELESS POUCH™**. Give it a try!

WIRELESS POUCH™ is available in black in two sizes: Small (3½" x 2½" x .8") and Medium (4" x 2½" x .8"). It's made 100% in the USA. For more information about our products, please call 800-251-7815, e-mail info@optechusa.com or visit us online at www.optechusa.com or www.neotechstraps.com .
